

**Notification of Participation in the Albany County District Attorney's
Safe Homes – Safe Streets Initiative Trespass Affidavit Program**

Date: _____

Dear Tenant(s):

In an effort to maintain and improve the quality of life for Albany County residents the Albany County District Attorney's Office has begun a new Trespass Affidavit Program. Essentially, this program allows police to pro-actively stop, question, detain, and immediately arrest anyone found "loitering on or around said premises including the stoop and the stairs attached thereto" who is not a resident, a family member of those living at the residence, or a verified guest of those living at the residence.

It is imperative that you inform me of the names of anyone who has come to reside with you since the signing of your lease agreement. As of _____ your building will be in full participation of this new program.

Nationally, existing forms of the Trespass Affidavit Program have already proven to be effective tools in creating and maintaining safe homes and safe streets. Please join me in this attempt to enhance security and overall living conditions for you and your family. Thank you for your attention to this matter.

Sincerely,

Landlord/Agent
